weakness resulting merely from the dulness. Liverpool was off a fraction, bd. but Paris was up that much. There were enormous clearances, 900,000 bushels for the day and 5,500,000 bushels for the week. New-York declined faster than Chicago, and reported acceptances small, only 15 loads. Saturday's business, however, is always light. Argentine shipped nothing. It is ex-pected that the world's shipments Monday will be about 8,560,000 bushels. Some export business was done from here, 140,000 bushels. The trade was without significance. The bull pool gave no support apparently; possibly did some selling. The Government report was not mentioned, the Washington figures being about as everybody an-ticipated. Primary receipts were 1,287,000 bushels, comwith 1.040,000 bushels last year. Minneapolis Duluth had 750 cars, against 1,166 cars lust year. Here there were 265 cars, against 184 cars last year. The distille supply is expected to show an increase Monday of

of it short selling. New-York and St. Louis gave the market some support.

May oats were firm, considering the weakness of everything around them. They lost only is cent. May sold at 23 and at 23%, on at 23%, one is. Charters to-day are 560,000 bushels. Seaboard clearances, 340,000 bushels. The shipping domain for oats has been as astonishing as the demand for corn has been indifferent. Receipts are not large, 383 cars, with 440 estimated for Monday.

Provisions were almost panicky to-day. Lard made a drop of 371% cents, equal to \$1 a tierce. Pork lost 371% cents a barrel; ribs, 32% cents a bundred. Half of this decline was recovered. The vellow fewer scare was at the bottom of the break. The crowd thought that Armour was doing some selling. New-York liquidated a long line of lard. One concern, Wrenn & Co., 101d 25,000 barrels of lard. One concern, Wrenn & Co., 201d 25,000 barrels of lard.
